Sarah:

Here are my comments of the R 10 briefing paper. I prefer to discuss internally (HQ) initially, before sharing with R 10. If I'm correct, the HQ position on next steps is to provide DK with an informational briefing to get her up to speed on the big picture of this TMDL. Sarah, in general, I think that the discussion regarding the boundary issues is reasonable. What it comes down to in my mind is:

# **Ex. 5 - Deliberative**
